

# Chlorine Delivery - 12.5% Sodium Hypochlorite

CEILING WINCH  
LIFTS 15-LB CONTAINERS  
FROM DOORWAY TO SHELF

THE 'CARBOY' CONTAINERS  
CARRY 15 GALLONS OF  
12.5% SODIUM HYPOCHLORITE

THE 15-GALLON CONTAINERS ARE LIFTED TO A LEVEL  
ABOVE THE CHLORINE TANK AND GRAVITY-FED  
FROM THE SHELF TO THE 55-GALLON STORAGE TANK

WINTER USE IS ABOUT 1 CONTAINER PER MONTH  
SUMMER USE WILL BE 4 OR 5 CONTAINERS PER MONTH

PUMPING THE CHLORINE IS NOT AN OPTION, DUE TO  
A SPECIALIZED TYPE OF PUMP THAT WOULD BE NEEDED

12.5% SODIUM HYPOCHLORITE IS MORE COST-EFFECTIVE  
THAN THE PREVIOUS USE OF 6% HOUSEHOLD BLEACH  
(6% BLEACH IS COMMONLY USED FOR SMALL SYSTEMS)
